Bring your toothbrush and checkbook - that's all you'll need to move into this light, bright, cream-puff of a home. Everything is done, from the gleaming hardwood floors to the renovated kitchen and baths, and pottery barn colored walls. But wait, there's more: an in-ground pool ready for summer fun on your beautifully landscaped yard on a convenient cul-de-sac. Need some more lemonade for the party? No problem - you're five minutes from major shopping. What are you waiting for??
